biblical scholars often read the bible with their own interpretive interests in mind without associating the bible with the concerns of laypeople this largely undermines the contributions laypeople can offer from reading the bible in their own contexts and from their own life experiences moreover such exclusively scholarly reading conceals the role of biblical texts in dealing with current social problems such as hiv aids related stigmatization hence the lack of lay participation in the process of bible reading makes the bible less visible in various common life situations in this volume elia shabani mligo draws on his fieldwork among people living with hiv aids plwha in tanzania selects stigmatization as his perspective and chooses participant centered contextual bible study as his method to argue that the reading of texts from the gospel of john by plwha given their lived experiences of stigmatization empowers them to reject stigmatization as unjust mligo s study shows that christian plwha reject stigmatization because it does not comply with the attitude of jesus toward stigmatized groups in his own time the theology emerging from the readings by stigmatized plwha through their evaluation of jesus attitudes and acts toward stigmatized people in the texts challenges

churches in their obligatory mission as disciples of Jesus churches are challenged to reconsider healing hospitality and caring prophetic voices against stigmatization and the way they teach about HIV and AIDS in relation to sexuality churches must revisit their practices toward stigmatized groups and listen to their voices Mligo argues that participant centered Bible study methods similar to the one used in this book whereby stigmatized people are the primary interlocutors in the process can be useful tools in listening to the voices of stigmatized groups

This report the fifth in the series of WHO reports on the global tobacco epidemic presents a country level examination of the epidemic and identifies countries that have applied effective tobacco control measures the number of people worldwide protected by effective tobacco control measures continues to grow and countries that have adopted these measures at the highest level of achievement can be considered models for action for those countries that have yet to do so the focus of this report is raising taxes on tobacco the r component of mpower time and again increasing taxes on tobacco products to increase retail prices has been proven to be the most effective and efficient of the best buy demand reduction measures to reduce tobacco use and yet it is also the least widely implemented measure

The establishment of a Middle East zone free of nuclear weapons a concept more recently broadened to cover all weapons of mass destruction WMD has been before the international community for decades in this book two experts from the region explore why the matter remains unresolved and outline a comprehensive yet achievable roadmap to a Middle East free of WMD weapons of mass destruction pose an existential threat to global peace and security but nowhere is it more urgent to stem their spread than in the Middle East a region fraught with mistrust and instability accounting for these geopolitical realities including the ongoing talks to curb Iran's nuclear program the authors present a practical and innovative strategy to a Middle East free of weapons of mass destructions WMD they outline a phased approach toward disarmament in the region prescribing confidence building measures and verification tools to create trust among the region's governments their vision also sees the realization of a WMD free zone within a broader regional agenda for security and cooperation to advance socioeconomic and political progress this book will be of great interest to students and scholars of international relations politics and security studies in the Middle East
