each book in this series serves as an introduction and overview of each of the seven wonders of the world in a certain category

i don t realize i m crying until he glances at me for a moment i see the look of anguish in his eyes then he blinks it away and slips off into the water i immediately think of the gator it s still down there somewhere a science class field trip to the everglades is supposed to be fun but sarah s new at glades academy and her fellow freshmen aren t exactly making her feel welcome when an opportunity for an unauthorized side trip on an air boat presents itself it seems like a perfect escape an afternoon without feeling like a sore thumb but one simple oversight turns a joyride into a race for survival across the river of grass sarah will have to count on her instincts

and a guy she barely knows if they have any hope of making it back alive

this book offers a problem and solution approach to environmental remediation in mining including the environmentally sustainable utilization of waste materials from the mining industry it largely comprises articles published in springer journals which have been thoroughly revised and expanded with supplementary data and illustrations it discusses specific problem areas in relevant caribbean locations and provides an overview of geotechnical and microbial solutions to prevent post mining deterioration in this area

willie cuesta former miami police department detective turned private investigator is relaxing at a beachfront hotel when he receives a call from an immigration attorney about a case he s reluctant to leave the view of the sea and several bathing beauties but willie can t afford to turn down work he agrees to travel to central florida to search for ernesto perez an undocumented farmworker who has disappeared his family is worried sick because though he had been calling and sending money home regularly to mexico for years he hasn t been heard from in three months in cane county willie discovers a healthy agricultural industry a large migrant population picking the crops and a heavily armed anti government militia willie quickly discovers perez isn t the only undocumented worker to go missing several have disappeared though their illegal status means no one has bothered to investigate as he digs into the case several suspicious characters surface narciso cruz who is responsible for smuggling in the undocumented workers willing to do the backbreaking labor for minimal pay quincy vetter a local landowner who has imposed his anti government sentiment county wide and dusty powell a drug dealer who has contributed to several heroin overdoses in the area and there s the very beautiful daughter of a farm owner who wants salsa lessons is someone setting him up when people he talked to start turning up dead willie knows he s onto something big and dangerous but is it related to the local drug business or the anti government lunatics when his investigation leads to a piece of property near the everglades willie cuesta finds himself playing cat and mouse with several armed men intent on putting an end to the case and him

alligator hunters mangroves and the mis adventures of the ashley gang in the florida everglades

many may not realize that the everglades national park is cut off from the water that gives it life its ecosystem begins well above the park s boundary extending more than three hundred miles from the kissimmee river near tampa and orlando southward through florida bay it is the most endangered ecosystem in north america the book of the everglades is a story of how much was changed when the vast river of grass was drained and converted to agriculture its natural plumbing channeled so that nearby towns and

farms would be protected from flood and saved in drought it s a story of how one of north america s largest freshwater lakes ended up with a moat around it a story of the sugar barons who were kicked out of cuba and settled in what is now known as the everglades agricultural area a story of the largest subdivision in the world platted on drained wetlands a story of the soil that is no longer replenished and gives way at the rate of one foot every ten years it is a story told by writers who know how to tell a story and who convey the workings of the entire everglades ecosystem and the impact of its inhabitants publisher description

before 1947 when marjory stoneman douglas named the everglades a river of grass most people considered the area worthless she brought the world s attention to the need to preserve the everglades in the afterword michael grunwald tells us what has happened to them since then grunwald points out that in 1947 the government was in the midst of establishing the everglades national park and turning loose the army corps of engineers to control floods both of which seemed like saviors for the glades but neither turned out to be the answer working from the research he did for his book the swamp grunwald offers an account of what went wrong and the many attempts to fix it beginning with save our everglades which douglas declared was not nearly enough grunwald then lays out the intricacies and inanities of the more recent and ongoing cerp the hugely expensive comprehensive everglades restoration plan

books in the hello everglades series take young readers on a journey through the everglades exploring the flora and fauna of the region each book uses the whole language approach to literacy a combination of sight words and repetition builds recognition and confidence bold colorful photographs correlate directly to text to help guide readers through the book books in this series include author biography and teaching guides

before 1947 when marjory stoneman douglas named the everglades a river of grass most people considered the area a vast and worthless swamp her book brought the world s attention to the need to preserve the everglades a unique environment that is home to countless animal and plant species a treasured classic of nature writing first published over 50 years ago this book launched marjory stoneman douglas s fight to preserve the florida everglades persuasive and inspired writing captured attention all over the world this anniversary edition offers an update by cyril zaneski environmental writer for the miami herald on the events affecting the glades since 1987

the remarkable story of miccosukee indians from florida who sought political recognition from the castro regime is chronicled in this fascinating study of modern native american resistance and perseverance

brilliant the washington post book world magnificent the palm beach post rich in history yet urgently relevant to current events the new republic the everglades in southern florida were once reviled as a liquid wasteland and americans dreamed of draining it now it is revered as a national treasure and americans have launched the largest environmental project in history to try to save it the swamp is the stunning story of the destruction and possible resurrection of the everglades the saga of man s abuse of nature in southern florida and his unprecedented efforts to make amends michael grunwald a prize winning national reporter for the washington post takes readers on a riveting journey from the ice ages to the present illuminating the natural social and political history of one of america s most beguiling but least understood patches of land the everglades was america s last frontier a wild country long after the west was won grunwald chronicles how a series of visionaries tried to drain and reclaim it and how mother nature refused to bend to their will in the most harrowing tale a 1928 hurricane drowned 2 500 people in the everglades but the army corps of engineers finally tamed the beast with levees and canals converting half the everglades into sprawling suburbs and sugar plantations and though the southern everglades was preserved as a national park it soon deteriorated into an ecological mess the river of grass stopped flowing and 90 percent of its wading birds vanished now america wants its swamp back grunwald shows how a new breed of visionaries transformed everglades politics producing the 8 billion rescue plan that plan is already the blueprint for a new worldwide era of ecosystem restoration and this book is a cautionary tale for that era through gripping narrative and dogged reporting grunwald shows how the everglades is still threatened by the same hubris greed and well intentioned folly that led to its decline
